

VOLUNTEER OPPORTUNITY

SUNBIRD GOLF CLUB

GRAB BAG PROJECTS

Due to the normal work load in maintaining the condition of the golf course, many small needs and projects tend to fall to the bottom of the priority list. In an attempt to get some of these needs and projects done, Rick Lantgen has established a program in which **volunteers** can participate in the completion of said projects. The program is called Grab Bag Projects.

To facilitate the program, Rick has installed a white erasable board inside of the first large door at the maintenance facility which is located near the first green. The board will contain a list of projects. A person who is willing to donate some time to the golf club can go to the board, see what is listed and choose a project to work on. The projects are color coded as to the skill level needed. Of course, Rick will always be available to explain the project. Necessary tools will be provided.

Over the years, volunteers have played a large role in making the Sunbird Golf Course a facility to be proud of and one of the best executive courses in the valley. It is hoped that this will continue through participation in this program.

For more information, contact Norm Ott, 895-2969.
